

T IS FOR... TAPE FAMILY V. HURLEY

Mamie Tape was only 8 years old
When she changed the world—

She went to school in her neighborhood
one day
When she arrived, they turned her away—
They told her because she was Chinese
and not white
She would not be permitted in the
classroom—
Mamie's heart broke because she knew
this wasn't right!

She spoke out in court against
discrimination and segregation
She told a judge that it was her right to
pursue an education—

Mamie's eyes glistened—
Her heart raced—
To her surprise, the judge listened!

Mamie's bravery and tenacity
Made it possible for children like her
To attend school in their communities—

Mamie teaches us that no one is ever too
young or too small
To speak up and make a difference for all!
