

Tessellations

Materials List:

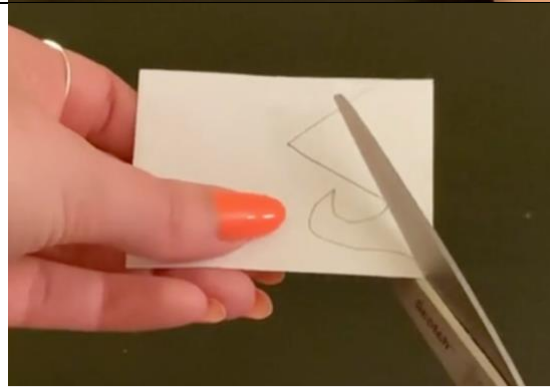

- paper
- safety scissors
- tape
- pencil

Instructions:

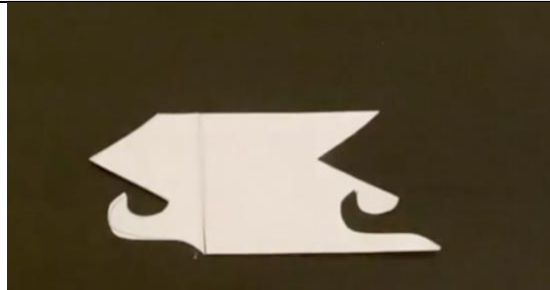

1. Fold your paper twice in both directions to make a bunch of rectangles.

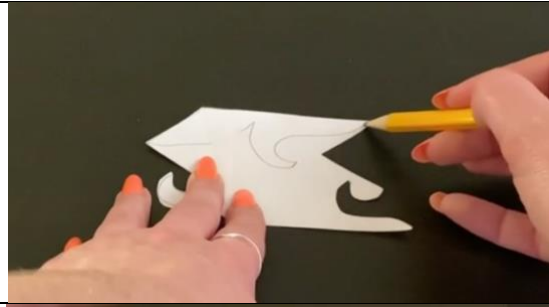

2. Cut out one rectangle and draw a crazy line from top to bottom. Then cut it out

3. Move the piece that you cut to the other side and tape it on.

4. If you'd like, draw another line from side to side and cut it out.

5. Move the new piece to the other side of your shape and tape together.

6. Trace your shape several times on a piece of paper and watch how perfectly it connects every time!
