# Learn at Home with PBS KIDS

## Hello, Families!

Welcome to "Learn Along" Bingo! We're happy to share PBS KIDS activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With "Learn Along" Bingo, children can view, explore, and play as they learn alongside their PBS KIDS friends on the PBS KIDS 24/7 channel. We hope your family will use it to inspire learning each and every day.

## It's Weather Week!

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

## Learning Spotlight: "Observing Weather"

This week, we're learning how to observe different types of weather. Observing weather helps us plan what clothes and activities are right for the day.

## Show What You Know: Sunny and Stormy Weather

The last activity in this packet is a perfect way for children to show what they've learned about observing weather with a grown-up.

**Color the weather icons.**

**Ask for help to cut along the dotted lines.**

## Activity Idea #1:

Place the cards face down. Turn one card over and name the type of weather. Choose a second card, trying to find a matching pair. If you find a pair, put the pair in a pile to the side. If they do not match, turn them both over in the same spot and try again.

## Activity Idea #2:

Invite someone to play along. Place the cards face down. Choose one card and name the type of weather. Take turns and talk about what you might wear, what you would notice about the outdoors, and what you might hear.
